

## Jesus is Our Yes!

**Christians and the Church get bashed a lot these days have you noticed that?** We are painted by many in the media as mean, narrow minded, bigoted and now even racist for our views on morality. If you followed what is being said of us on television, the Internet and other places you would think that our view of God is that he is against everything. It is like they think His favorite word to his children is, NO.

I believe God's favorite word to us is YES! Let me read you a Scripture that supports that view from II Corinthians 2:20 which says, **“For no matter how many promises God has made, they are “Yes” in Christ.”** We as Christians are called to share the Good News that in Christ we can have all of God's promises. **Hold up your Bible. The Bible is not a book about No but a book about Yes!**

Here at Community Church we want to say...

Yes! to people. We welcome anyone to come worship with us!

Yes! to missions. We believe people need Jesus and our task is to share the Good News!

Yes! to students and children. We believe that reaching children early paves the way for a prosperous and successfully fulfilled life.

**Here at Community Church we are FOR more than we are AGAINST!**

Every time you give here you are helping us accomplish our mission and helping others realize the “Yes” in Christ! So thank you for your gift and let's say Yes!
