

Summer Camps Impact

Every week this summer before our offering we are going to highlight one of our amazing mission events. Today I want to talk briefly with you about our upcoming Student Ministry Camp called, **FILL IN THE NAME!**

Every year we take scores of students to our camp where life changing decisions are made. None of this would be possible without your generous gifts and the work of our amazing volunteers! This morning I wanted to introduce two people who will tell their story about the impact of camp on their lives.

Introduce a lay worker that has gone to camp or is going. I want to introduce you to Bob Brooks who will be working with our Sr. High boys at camp.

Bob, tell me why you volunteered to go to camp? **Let Bob tell his story but coach him to give a two to three sentence answer. Have him or her write it out.**

Bob you don't get paid to do this do you? In fact you are taking vacation time to do this right? Let Bob answer. Then say, "Bob, thanks for your service to our students. Let's everyone give Bob a hand!"

Introduce a student who has gone to your camp in the past and is going this year. Next I want to introduce you to Paige Cherry.

Paige tell me what camp means to you? **Let Paige tell her personal story with a few sentences.**
